Summary

Passionate third-year Computer Science student specializing in Artificial Intelligence. Proficient in Java, web development, and data structures. Eager to learn and apply skills in real-world projects through internships. Excited to contribute and grow in a challenging environment.

Skills

- **Technical Skills:** Java, C, Python, Data Structures and Algorithms.
- **Web Development:** HTML, CSS, JavaScript, Bootstrap
- **Soft Skills:** Problem Solving, Teamwork and Collaboration, Effective Time Management, Effective Communication, Adaptability.
- **Database:** SQL
- **Tools/Platforms:** Visual Studio Code, GitHub, Jupyter Notebook, Eclipse, Google Collab, Canva.

Education

G.Pullaiah College of Engineering and Technology , B.Tech in Computer Science and Engineering - (Artificial Intelligence)	2022 - Present
• GPA: 9.09/10.0	
Narayana Junior College , Intermediate in MPC	2020 - 2022
• Percentage: 83.8	
St Joseph English Medium School ,	2019 - 2020
• Percentage: 83.2	

Languages Known

Telugu - Native (Fluent in reading, writing, and speaking)
English - Proficient (Capable of reading, writing, and speaking)

Relevant Course Work

Smart Interviews - DSA Training - Gained a solid foundation in core data structures and algorithms with hands-on problem-solving in various topics like Arrays, Strings, Sorting and Searching techniques, Hash Map, Linked List, Stacks and Queues.

Code Tantra - Java Full Stack Development(Ongoing) The training covers both back end and front end development, focusing on building a strong foundation in full-stack web application development. It is designed to provide hands-on experience through the creation of a complete project that integrates both front end and back end technologies.

Projects

Library Management System-(Console Based)	Library Management System
• Tools Used: Java	
Basic To-do App	Todo App
• Tools Used: React.js, HTML, CSS, Java Script, Bootstrap	
Recipe Procedure App - (Cook Ease)	CookEase
• Tools Used: HTML, CSS, Java Script	
Study Materials App(Exam Time)	ExamTime
• Tools Used: HTML, CSS, Java Script	

Certifications

Smart Interviews - DSA Training	Smart Interviews
Successfully completed the Smart Interviews Data Structures & Algorithms (DSA) Training, gaining proficiency in problem-solving, coding techniques, and algorithmic thinking.	

Flipkart Grid 6.0– SoftwareDevelopmentEvent

Flipkart

This participation helped me reinforce my understanding of key concepts, sharpen my problem-solving skills.

Skill Certification Test in Java- Hacker Rank

Hacker Rank

Through this, I demonstrated my proficiency in Java programming by developing solutions for algorithmic challenges and applying core concepts . The multiple-choice questions further tested my theoretical understanding of Java.

Fundamental AI Concepts

Microsoft

Earned the Fundamentals of AI badge from Microsoft after completing a comprehensive course on the basics of Artificial Intelligence.

Achievements and Rewards

Academic Excellence

Consistently achieving high academic standards maintaining a CGPA of 9.09 through my first five semesters, reflecting a strong commitment to academics, problem solving, and technical learning.

Code Chef

CodeChef

Successfully solved many problems on CodeChef, showcasing strong problem-solving skills, a deep understanding of data structures, algorithms, and optimization techniques.

Hacker Rank - Silver Badge in Problem Solving

Hacker Rank

Earned for demonstrating proficiency in solving algorithmic challenges, showcasing strong problem-solving skills and the ability to implement efficient solutions across various difficulty levels.
